Section 1 - School District Identified Priorities

Priority 1

School facility repairs and improvements to enable operations of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Priority 2

Purchasing items to enhance student learning, items such as: supplies to clean and sanitize facility, educational technology, mechanical and non-mechanical systems to improve facilities, and replacement of worn out products and infrastructure.

Priority 3

Addressing the academic impact of lost instructional time.

Data Points Used to Identify Priorities

Attendance, summative assessment data, needs assessments, staff, parent, and community surveys/input.

Student Groups Most Affected

Student groups specifically referenced in ARP ESSER were more affected than others in this district.

Section 3: Goals

Instruments

Instruments or methods that will be used to monitor the progress of the goals and determine if the goals are met are listed here for each goal.

Math Goal	Using the Smarter Balanced Assessment as one of the primary data points the district goal is to increase the percentage of students scoring proficient in grades 3-8 by 5% in math from 39% in the Spring of 2021 to 44% on the SBAC in the Spring of 2022. (3 yr. trend is 40%). Using the ACT as one of the primary data points the goal is to increase the ACT math score for district 11th graders to 20.0 on the ACT test. 3 yr. average was 19.13 in 2019.
ELA Goal	Using the Smarter Balanced Assessment as one of the primary data points the district goal is to increase the percentage of students scoring proficient in grades 3-8 by 5% in ELA from 36% in the Spring of 2021 to 41% on the SBAC in the Spring of 2022. (3 yr. trend is 36%). Using the ACT as one of the primary data points the goal is to increase the ACT ELA (English) score for district 11th graders to 18.8 on the ACT test. 3 yr. average was 17.7 in 2019.
Other Goal	The administration and curriculum departments will work collaboratively to support and monitor implementation of evidence-based interventions to identify the most effective interventions employed. Data collected and analysis will include social-emotional indicators and instructional time indicators including excessive absenteeism by both staff and students; the goal will be to reduce absenteeism and remove any barriers to learning to for families and ensure that families have the needed resources to support the needs of students disproportionately impacted by COVID-19.

Goals

For each goal find the following below:

- Identify what strategies/action steps will be used to support the achievement of the goals.
- Describe a realistic and achievable timeline to achieve the goals.
- Identify who is responsible to ensure the strategies/action steps are achieved. Click the box and provide the text response for each applicable box.

Math Goal	Continue to determine the level of proficiency of students using SBAC scores, MAP, ALEKS, ACT, classroom assessments, and other in-program assessments. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to effectively utilize the interventions and supports. Administration will ensure supports and interventions are being administered with fidelity by classroom walk-throughs, 1-1 teacher/admin meetings and staff trainings. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to curriculum map by grade level.
ELA Goal	Continue to determine the level of proficiency of students using SBAC scores, MAP, ALEKS, ACT, classroom assessments, and other in-program assessments. After analyzing these assessments, the district will utilize targeted and strategic interventions and supports to improve student achievement. Classroom teachers will be provided with necessary PD to

	effectively utilize the interventions and supports. Administration will ensure supports and interventions are being administered with fidelity by classroom walk-throughs, 1-1 teacher/admin meetings and staff trainings. The goals will be re-evaluated on a quarterly basis aligning with in-house academic reporting (report cards) and a thorough evaluation of SBAC scores is reviewed each fall and spring of the current year. Assignments align to curriculum map by grade level.
Other Goal	Monitor daily attendance lists for both staff and students and analyze data for specific student groups and populations. Work with school counselors and community liaisons to reduce and or remove any barriers to learning or attending school. Review all data on a weekly basis to gauge trends and possible health occurring issues. Review CDC guidelines regularly and implement strategies to increase overall attendance rates.

Student Group Goals

For which of the following student groups does the district have a distinct Math Goal, ELA Goal, or Other Goal?

Student Group	Distinct Math Goal	Distinct ELA Goal	Distinct Other Goal
American Indian or Alaska Native			
Black or African American			
Hispanic			
Multi-Racial			
White			
Free and Reduced Lunch	Free and Reduced Lunch	Free and Reduced Lunch

Math Goal for Each Identified Student Group

The goals are: 1. To increase the percentage of Economically Disadvantaged students scoring proficient in grades 3-8 by 10% in math on the SBAC in the Spring of 2022. District 2021 average was 25% proficient. 3 yr. trend = 21% 2. To increase the ACT math score for economically disadvantaged students in grade 11 by .5 on the ACT test.

ELA Goal for Each Identified Student Group

The goals are: 1. To increase the percentage of Economically Disadvantaged students scoring proficient in grades 3-8 by 10% in ELA on the SBAC in the Spring of 2022. District 2021 average was 33% proficient. 3 yr. trend = 17% 2. To increase the ACT ELA score for economically disadvantaged students in grade 11 by .5 on the ACT test.

Other Goal for Each Identified Student Group

Section 8: District Monitoring of Impact

This section of the LEA plan outlines how the District will monitor the impact of the ARP ESSER funded interventions or strategies, including but not limited to the 20% set-aside, to respond effectively to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted.

Description of Monitoring Plan

We will use a variety of assessments including informal, in-program assessments, formative assessments. Assessments from MAP, ALEKS, ACT, and SBAC will be analyzed and reviewed. These funds will also be used to identify, re-engage, and support students most likely to have experienced the impact of lost instructional time on student learning, such as those with low-attendance rates or who have missed the majority of in-person instruction during the 2019-20 school year and 2020-21 school year. Students most at risk of dropping out will also be monitored and use of these funds will help mitigate that risk. Evidence based interventions include small group and individualized instruction, differentiation, and tutoring
